

Boil Water Notice Rescinded

October 27, 2023

On October 26, 2023, the Texas Commission on Environmental Quality required the Montgomery County MUD #164 public water system, TX1700894, to issue a Boil Water Notice to inform customers, individuals, or employees that due to conditions which occurred recently in the public water system, the water from this public water system was required to be boiled prior to use for drinking water or human consumption purposes.

The public water system has taken the necessary corrective actions to restore the quality of the water distributed by this public water system used for drinking water or human consumption purposes and has provided TCEQ with laboratory test results that indicate that the water no longer requires boiling prior to use as of October 27, 2023.

If you have questions concerning this matter, you may contact Natalia Espitia with H2O Innovation at (281) 353-9809.
